

Project Assistant Position at Chemistry Department, Ashoka University

Position: A project Assistant position is open in Molecular Materials lab at the *Department of Chemistry*, Ashoka University. The appointee will work closely with the PhD scholars in the group and will be supervised by *Dr. Deepak Asthana*. The main objective of the project will be synthesis and study of fluorescent polymeric materials. The successful candidate will contribute in multi-step syntheses, purification and analytical characterization of the products. For any further queries regarding the project, applicants are encouraged to contact Dr Deepak Asthana (deepak.asthana@ashoka.edu.in).

Start Date: August 2022

Requirements:

- Post-graduate degree in Chemistry with minimum 55% marks.
- Experience in organic synthesis and knowledge about NMR, X-ray diffraction and absorption/emission spectroscopy will be advantageous.
- Must have an enthusiasm for research, passion to learn and be able to maintain meticulous records of experimental procedures.

Duration: Initial appointment will be for 6 months, which is extendable to further 6 months upon satisfactory performance.

Salary and benefits: Salary and benefits will be according to Ashoka University norms.

Closing Date: 30/07/2022

Interested individuals should email their curriculum vitae (CV) detailing relevant research experience and contact details of at least two referees (email and contact number) to Dr. Deepak Asthana at deepak.asthana@ashoka.edu.in.

(Only shortlisted candidates will be notified)
