

Internship Opportunity at the Center for Interdisciplinary Archaeological Research

CIAR at Ashoka University is a center that encourages interdisciplinary research in the field of Archaeology. For the first time the center is hiring interns to carry out independent interdisciplinary archaeological research in collaboration with other departments like Computer Science, Biology, History, Chemistry etc. This is an excellent opportunity for students who are interested in interdisciplinary research and experience how various disciplines can work together to achieve a common goal.

While this opportunity is open to all who are interested in Archaeological research, we specifically encourage female candidates to apply.

No. of positions available: 5
(2 are reserved for computer application in Archaeology)

Duration of the project: Minimum 6 months

Total remuneration: Indian rupees 20000/-
