**Centre for Writing and Communication (CWC)** - The liberal arts and science education offered at Ashoka University inculcates critical thinking skills and recognises that these are inextricably linked to the practice and art of effective academic writing. The CWC is a unique offering that works in close collaboration with University faculty to train students to think analytically and innovatively and write cogently and lucidly. The CWC works with students through one-on-one tutorials, group sessions, or larger workshops that are designed in consultation with faculty and tailored to specific disciplinary, assignment, and student needs. As a flagship facility in India, the CWC also aims to make significant contributions to developing writing education in the country. You can read more about the CWC [here](#).
